Using this guideline

People have the right to be involved in discussions and make informed decisions about their care, as described in NICE's information on making decisions about your care

Making decisions using NICE guidelines

Â explains how we use words to show the strength (or certainty) of our recommendations, and has information about prescribing medicines (including off-label use), professional guidelines, standards and laws (including on consent and mental capacity), and safeguarding.

Healthcare professionals should follow our general guidelines for people delivering care:

Patient experience in adult NHS services

Shared decision making

Medicines adherence

Medicines optimisation

Multimorbidity

Decision making and mental capacity
